## About Mycological Society of India

MSI is a scientific body constituted for the advancement in the subject of mycology, the study of fungi including mushrooms, moulds, truffles, yeasts, lichens, plant pathogens and medicinally important fungi. The society was founded in January 1973 by a team of mycologists led by Prof. C.V. Subramanian, Former Director, C.A.S. in Botany, University of Madras, Chennai, India with a view to bring together mycologists of the country and with the broad objectives of promoting development of mycology in Botany in all the prospects and in the widest prospective. For more details and membership form please visit website: [www.fungiindia.co.in](http://www.fungiindia.co.in)

## The Mycological Society of India (Mumbai Unit)

The Mumbai unit, a branch of Mycological Society of India, was started in 2003 with the intention of setting up a platform in Mumbai for young mycology researchers where they can present their work and interact with eminent scientists. Each year national seminars on various mycological themes are conducted in collaboration with different colleges in Mumbai.

## About the College and KME Society

The Konkani Muslim Education Society, the apex body of our college is offering heart rendering services, for more than 89 years in the field of education by establishing Primary and Secondary schools, Junior Colleges, Women's College and College of Education. The G.M. Momin Women's College is situated in Bhiwandi, which is about 20 km away from Thane Station (Central Railway) and 45 km from Mumbai. Our Women's College is housed in two spacious ground plus four storied buildings. It has well-equipped laboratories, a rich and well-stocked library, Cafeterias, Gymkhana, Fitness Centre and an Auditorium among other infrastructural facilities. Our College is a multi-faculty degree college of Arts, Science, and Commerce which along with conventional courses, also offers B.Sc IT, B.Sc. Interdisciplinary Studies, B.Sc. Biotechnology and BMS courses. For the past 28 years, our college has created its own niche in academics as well as in extracurricular activities. It has motivated many under privileged women to pursue their higher education, especially the local Muslim women of Bhiwandi. The college is also conducting M.A., M.Sc., M.Com. and Ph.D programmes. Along with several achievements, regional, state and national level awards, the college has also been selected for Star College Scheme of DBT, Ministry of Science and Technology, Government of India.

## Department of Botany

The Department of Botany, established in 1994, has been achieving 100 % results, producing University merit rankers and is receiving funding under the star college scheme of DBT. The Department also conducts many co-curricular and extra-curricular activities for holistic development of students. This year one of our students won the First Prize in the Avishkar Research Convention, conducted by University of Mumbai, at both District as well as University levels.

## Department of Biotechnology

The Department is a new addition, set up in 2012. In 2017 a student from the Department won the First Prize in the Avishkar Research Convention, at District and University levels and represented the University of Mumbai in the Inter-University Research Convention.

## IQAC

Monitors the process for Quality Education of the Institution.

## Objectives and sub-themes of the Conference

Fungi, one of the most diverse and interesting groups on the earth, are ubiquitous in nature; found in a wide range of habitats and influencing mankind in equally diverse manners. The present conference on "Emerging Trends in Mycotechnology" aims to cover sub themes such as Fungi with respect to allergens, enzymes, medicine, antibiotics, plant growth regulators, mycorrhiza, nanotechnology, molecular techniques, pigments, food and food industry, textiles, remediation, biosensors, agriculture, forestry, fungal biotechnology, fungi as causal organisms of plant, animal and human diseases etc. This conference would provide a highly interactive platform for academicians, researchers, students of mycology and industrialists to exchange their ideas, to promote innovative and collaborative research in the field of mycology and for human welfare.
